# UPGRADE

### EASY TO CLEAN

Aqua Stone SPC Flooring is very easy to keep clean and looking new. We recommend a moist mop and low alkaline cleaners.

### COMFORTABLE UNDERFOOT

Aqua Stone SPC Flooring feels nice, warm and comfortable underfoot.

### SCRATCH RESISTANT

Aqua Stone SPC Flooring has the highest possible scratch resistance protection. This flooring is suitable for domestic and commercial use. Our 0.55mm wear layer offers exceptional commercial grade wear resistance.

### LARGE PLANKS

Aqua Stone SPC Flooring planks are 7mm thick, 230mm wide and 1830mm long.

### INSTALLATION

Aqua Stone SPC Flooring is designed for easy installation. Designed to be installed by licensed flooring installers and experienced DIY persons. Terms and conditions apply. Please ask for our installation guide.

## AQUA STONE SPC FLOORING IS 100% WATERPROOF.

Aqua Stone SPC Flooring can be installed in wet areas, kitchen, laundry, powder room and bathroom (not recommended for use in the shower recess).

### UPGRADE

Aqua Stone SPC Flooring is the latest technology in flooring. SPC is the upgrade from LVT, WPC, vinyl and hybrid flooring.

Aqua Stone SPC Flooring is more rigid and more stable than LVT, WPC, vinyl and hybrid flooring.

Aqua Stone SPC Flooring looks and feels better than LVT, WPC, vinyl and hybrid flooring.

Aqua Stone SPC Flooring has the best patented click system technology for easy installation and secure lock.

#### UV COATING

Highest grade water-based non-toxic commercial grade lacquer.

#### WEAR LAYER

Aqua Stone SPC Flooring has the highest possible scratch resistance protection. This flooring is suitable for domestic and commercial use. Our 0.55mm wear layer offers exceptional commercial grade wear resistance.

#### HIGH DEFINITION PHOTOGRAPHIC LAYER

Super sharp and realistic look. Our designs are the very best possible.

#### RIGID CORE

Technologically advanced eco friendly SPC core that is rigid, stable, waterproof, sound absorbent and features a patented click system.

#### HIGH DENSITY ACOUSTIC UNDERLAY

Aqua Stone SPC Flooring includes high density acoustic underlay on every plank for comfort and noise reduction.

## FAMILY & PET FRIENDLY

Aqua Stone SPC Flooring is designed to enhance and promote a healthy family environment. Our products are made to the highest ethical standards and are fully certified to ensure a healthy and environmentally friendly home.

- ✓ Allergy friendly
- ✓ Asthma friendly
- ✓ Mould resistant
- ✓ Pest resistant
- ✓ Pet friendly
- ✓ Eco friendly

### CERTIFIED PRODUCT

Aqua Stone Flooring is fully certified for your family's protection.

- DOTP Phthalate Content Test
- Phthalate Content Test
- Asbestos and Formaldehyde Test
- Greenguard Certification
- Greenguard Gold Certification Of Compliance

## HIGH DENSITY ACOUSTIC UNDERLAY

Aqua Stone SPC Flooring includes high density acoustic underlay on every plank for comfort and noise reduction.

### ECONOMICAL

Aqua Stone SPC Flooring is a great value product offering luxury flooring at an affordable price.

### VERSATILE

Aqua Stone SPC Flooring is the most versatile flooring. It can be laid over any stable and hard indoor surface such as wood, concrete or tiles.

### NO ACCLIMATIZATION

Aqua Stone SPC Flooring is a stone polymer composite base therefore does not require acclimatization.

### NO EXPANSION

Aqua Stone SPC Flooring is a stone polymer composite base therefore it does not expand or shrink. No need for expansion joints or perimeter gaps.

## MANUFACTURED TO AUSTRALIAN STANDARDS

### AUSTRALIAN SLIP RESISTANCE RATING

Aqua Stone SPC Flooring has a P4 slip resistance rating. Certified to Australian Standard AS 4586-2013

### AUSTRALIAN FIRE RESISTANCE RATING

Aqua Stone SPC Flooring is fire resistant. Certified to Australian Standard AS/ISO 2939.1-2003

# Valinge 5G

## Click technology for easy and secure installation

Aqua Stone V7 SPC Flooring features Valinge 5G locking technology. 5G is the very best click technology that will ensure easy and secure installation for the DIY and professional installer.

Valinge 5G Fold Down single action installation method is globally recognised and used around the world. The boards are locked on the long side with a traditional angling method. The 5G locking systems enable fast and secure installation by vertical snap without the need for any tools.

## ACOUSTIC UNDERLAY

We recommend that you combine Aqua Stone V7 SPC Flooring with UB-CR750 cork / rubber underlay to achieve the highest possible AAC acoustic star ratings.

	UBCR750-3MM	UBCR750-5MM
Underlay Thickness	3mm	5mm
Underlay Density	750kg/m <sup>3</sup>	750kg/m <sup>3</sup>

UB-CR750-3MM is a 3mm thick cork / rubber underlay with a density weight of 750kg/m<sup>3</sup>

UB-CR750-5MM is a 5mm thick cork / rubber underlay with a density weight of 750kg/m<sup>3</sup>

(Assumptions have been considered including and not limited to, slab thickness and ceiling configuration. Please contact us for full sound test report.)

## WARRANTY

Aqua Stone SPC Flooring is protected by a lifetime residential wear warranty and a lifetime manufacturing defects guarantee. Terms and conditions apply. For further warranty information please refer to the warranty PDF document available upon request.
