

Aqua Stone

8.5mm Stone Polymer Composite Flooring

AQUA STONE SPC FLOORING IS WATER RESISTANT

Aqua Stone SPC Flooring can be installed in wet areas, kitchen, laundry, powder room and bathroom (not recommended for use in the shower recess).

UPGRADE

Aqua Stone SPC Flooring is the latest technology in flooring. SPC is the upgrade from LVT, WPC, vinyl and hybrid flooring.

Aqua Stone SPC Flooring is more rigid and more stable than LVT, WPC, vinyl and hybrid flooring.

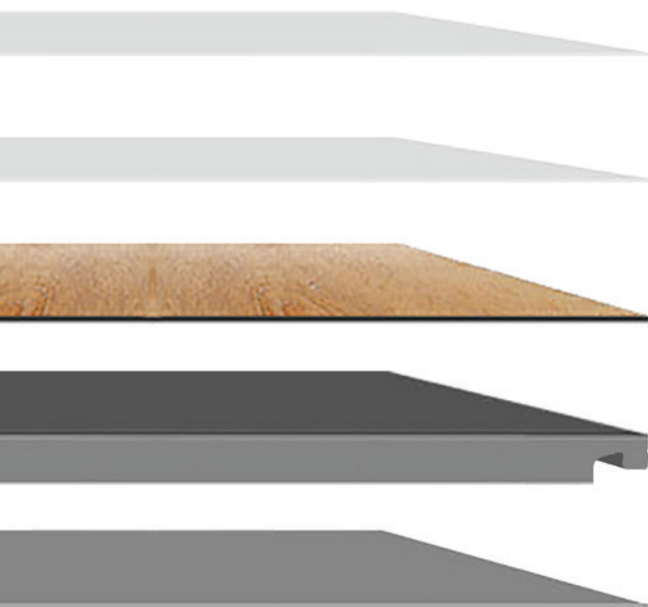

Aqua Stone SPC Flooring looks and feels better than LVT, WPC, vinyl and hybrid flooring.

Aqua Stone SPC Flooring has the best patented click system technology for easy installation and secure lock.

UPGRADE

EASY TO CLEAN

Aqua Stone SPC Flooring is very easy to keep clean and looking new. We recommend a moist mop and low alkaline cleaners.

COMFORTABLE UNDERFOOT

Aqua Stone SPC Flooring feels nice, warm and comfortable underfoot.

LARGE PLANKS

Aqua Stone SPC Flooring planks are 8.5mm thick, 230mm wide and 1830mm long.

SCRATCH RESISTANT

Aqua Stone SPC Flooring has the highest possible scratch resistance protection. This flooring is suitable for domestic and commercial use. Our 0.55mm wear layer offers exceptional commercial grade wear resistance.

INSTALLATION

Aqua Stone SPC Flooring is designed for easy installation. Designed to be installed by licensed flooring installers and experienced DIY persons. Terms and conditions apply. Please ask for our installation guide.

Valinge 5G

Click technology for easy and secure installation

Aqua Stone SPC Flooring features Valinge 5G locking technology. 5G is the very best click technology that will ensure easy and secure installation for the DIY and professional installer.

Valinge 5G Fold Down single action installation method is globally recognised and used around the world. The boards are locked on the long side with a traditional angling method. The 5G locking systems enable fast and secure installation by vertical snap without the need for any tools.

WARRANTY

Aqua Stone SPC Flooring is protected by a lifetime residential wear warranty and a lifetime manufacturing defects guarantee. Terms and conditions apply. For further warranty information please refer to the warranty PDF document available upon request.

HIGH DENSITY ACOUSTIC UNDERLAY

Aqua Stone SPC Flooring includes high density acoustic underlay on every plank for comfort and noise reduction.

ECONOMICAL

Aqua Stone SPC Flooring is a great value product offering luxury flooring at an affordable price.

VERSATILE

Aqua Stone SPC Flooring is the most versatile flooring. It can be laid over any stable and hard indoor surface such as wood, concrete or tiles.

NO ACCLIMATIZATION

Aqua Stone SPC Flooring is a stone polymer composite base therefore does not require acclimatization.

NO EXPANSION

Aqua Stone SPC Flooring is a stone polymer composite base therefore it does not expand or shrink. No need for expansion joints or perimeter gaps.
